## PASSED THE BILL

Venezuelan Boundary Measure Unanimously Approved by Senators.

NOT AN AMENDMENT MADE.

Committee Reported Some Changes But They Were Withdrawn.

SENDS IN A FINANCIAL MESSAGE.

President Cleveland Urges Congress to Not Take a Recess Until Some Measure Is Introduced to Relieve the Present Financial Conditions—Probably Continued Depletion of the Gold Reserve. Foreign Diplomats Have Been Misleading Their Governments—Commission May Visit Venezuela.

WASHINGTON, Dec. 21.—Yesterday was a day of excitement and surprises in Washington. Events moved with rapidity and when the sun went down public men in all branches of the service were nervous and worn out from the tension. Reports came of panics in securities throughout the country, and here in Washington affairs moved at the rapid pace of kaleidoscope. The house Venezuelan commission bill was amended in material respects by the senate foreign relations committee, and then, by a sudden change in sentiment in the senate, was passed unanimously just as it came from the house; then an adjournment resolution over the holidays was passed by the senate, only to be followed by an urgent message from the president strongly advising prompt action for the reform of our currency system and the maintenance of public credit.

Two Sessions of the Cabinet. At the other end of the avenue, the president and his cabinet received prompt advice of the course of events here and on the public exchanges. The cabinet held two sessions, something without precedent in recent years. Secretary Herbert, who returned from New York in the afternoon, attended the second meeting for a brief time. All the remaining members of the cabinet were present except Secretaries Lamont and Smith, who are out of town. The financial situation was the principal topic of consideration, and the result of the meeting was repeated in the message sent to the senate late in the afternoon, the body being kept in session by request from the white house for its reception.

The message was not favorably received in the senate. The summary adjournment upon the motion of Senator Cockrell, one of the Democratic leaders, immediately after the conclusion of the reading of the message, was taken on the Republican side as a disposition not to consider the message seriously.

Question Thoroughly Discussed.

That the administration has not moved precipitately in the Venezuelan affair is evidenced by the fact, which has now become known, that Secretary Olney's famous letter defining the Monroe doctrine was considered for fully two months before being dispatched to Ambassador Bayard for delivery to Lord Salisbury. Moreover, it is a fact that the president's message, while perhaps hastily reduced to exact form, really was the subject of deep deliberation for almost six months, for there is good reason to believe that the adverse response of Lord Salisbury to Secretary Olney's note was expected by the president. It is noted that the president's message is a distinct advance in our attitude upon the letter of the secretary, for whereas the latter was confined to a declaration of a doctrine, the former proposed action that went far beyond that point. It was this reason without doubt that caused the message to be most carefully considered for many months.

Diplomats Made a Mistake.

The diplomatic corps here appears to have fallen under a misapprehension as to the purpose of the message, which may account for the attitude of some of the European newspapers who have received inspiration for their editorial articles from their foreign offices, for it is learned that diplomats in Washington have in many cases, and certainly in the cases of the representatives of European powers, informed their governments that President Cleveland's action was dictated purely by motives of political expediency, and was not intended to have any permanent result. It may be that the unanimity of support accorded the president by congress, irrespective of party affiliations, has induced some of these observers of American institutions to qualify their first advice to their home governments. Further inquiry into the subject makes it appear that if the commission, to be appointed to ascertain the facts respecting the Venezuelan boundary, finds it necessary to visit the country

and to personally locate the line the work will consume much more time than is generally believed to be necessary. Outside of the voyage to Venezuela, which would consume not less than a month to and fro, the journey through the wild interior of the country would be very difficult. With a small flying force of eight equipped colonial police, the journey to the Uruguayan outpost where the collision occurred, and which marks one end of the line claimed by Great Britain, could not be made in less than 23 days, so that if the commission is to make a proper examination of the country the task, including the sea voyage, will probably occupy almost six months.

MESSAGE FROM THE PRESIDENT.

Urges Congress to Remedy the Present Unfortunate Financial Situation.

WASHINGTON, Dec. 21.—The following message was sent to congress by President Cleveland yesterday:

To the Congress: In my last annual message the evils of our present financial system were plainly pointed out and the causes and means of the depletion of government gold were explained. It was therein stated that after all the efforts that had been made by the executive branch of the government to protect our gold reserve by the issuance of bonds amounting to more than \$100,000,000, such reserve then amounted to but little more than \$70,000,000, that about \$16,000,000 had been withdrawn from such reserve during the month next previous to the date of that message, and that quite large withdrawals for shipment in the immediate future were predicted. The contingency then feared has reached us, and the withdrawals of gold since the communication referred to and others that appear inevitable, threaten such a depletion in our government gold reserve as brings us face to face with the necessity of further action for its protection. This condition is intensified by the prevalence in certain quarters of sudden and unusual apprehension and timidity in business circles.

We are in the midst of another season of perplexity caused by our dangerous and fatuous financial operations. These may be expected to recur with certainty as long as there is no amendment on our financial system. If in this particular instance our predicament is at all influenced by a recent insistence upon the position we should occupy in our relation to certain questions concerning our foreign policy, this furnishes a signal and impressive warning that even the patriotic sentiment of our people is not an adequate substitute for a sound financial policy.

The real and sensible cure for our recurring troubles can only be effected by a complete change in our financial scheme. Pending that, the executive branch of the government will not relax its efforts nor abandon its determination to use every means within its reach to maintain before the world a sound credit, nor will there be any hesitation in exhibiting its confidence in the resources of our country and the constant patriotism of our people.

In view, however, of the peculiar situation now confronting us I have ventured to herein express the most earnest hope that the congress, in default of the inauguration of a better system of finance, will by legislative enactment and declaration of intent insist upon the position we should occupy in our relation to certain questions concerning our foreign policy, this furnishes a signal and impressive warning that even the patriotic sentiment of our people is not an adequate substitute for a sound financial policy.

SENATE AND HOUSE.

Venezuelan Bill Passes Without the Formality of a Rollcall.

WASHINGTON, Dec. 21.—The United States senate, by unanimous vote and without the formality of a rollcall, yesterday passed the bill already adopted by the house of representatives, empowering the president to appoint a commission to determine the Venezuelan boundary.

This action was the culmination of a debate adding a memorable page of congressional history. The most notable utterances of the day were those of Senators Sherman, Teller, Mills, Lodge, Platt, Turpie, Chandler, White, Caffrey, Call and Stewart, representing the three shades of political sentiment and yet in the main uniform in urging the support of the president's vigorous assertion of the Monroe doctrine and, if need be, action essential to maintaining the national dignity.

The passage of the bill was not, however, the only exciting event of the day, for at 4:30 o'clock the president's message urging the gravity of the financial situation and calling on congress not to adjourn for the holidays until relief was afforded was presented to the senate. Its reading was followed with close attention, but the senators, absorbed with the stirring events of the day's debate, were ready to adjourn without immediate consideration of the message.

Short Session of the House.

The session of the house yesterday was purely a perfunctory affair. The speaker was ready to announce the committees and the house was ready to adjourn for the holiday recess, but the fact that the senate had not yet acted on the bill for the appointment of the Venezuelan commission forced the house, after waiting an hour and a half for the senate to act, to adjourn until today.

May Appoint ex-President Harrison.

WASHINGTON, Dec. 21.—It was rumored here last night that President Cleveland had decided to appoint General Harrison as chairman of the Venezuelan boundary commission.

## DEATH IN A COAL MINE

Twenty-Nine Workmen Lose Their Lives Near Dayton, Tenn.

EXPLOSION OF FIRE DAMP.

Not One of the Men Working in the Entry Where the Disaster Occurred Left Alive to Tell the Horrible Story. Grief Stricken Women Gather at the Mouth of the Drift.

CHATTANOOGA, Dec. 21.—Twenty-nine miners lost their lives yesterday in the Nelson mine, entry No. 10, near Dayton, Tenn., by an explosion of fire damp.

The explosion was succeeded by a terrific crash, which indicated that the roof of the passage through which they had entered had fallen in. No avenue of escape was left and there is no possibility that any of the men will be found alive. The mine is the property of the Dayton Coal & Iron company, three miles from the town of Dayton. The men, both white and colored, including several boys, entered the mine to go to work at 7 o'clock in the morning, but nothing of the awful catastrophe was known until 11 o'clock, when the drivers at entry No. 10 found their way blocked by a solid wall of coal and slate.

The Nelson mine has been worked for 12 years or more, and the entry where the unfortunate miners are entombed ran back more than two miles from the mouth of the mine. The mine is of the kind common in southern coalfields, known as drift or level veined mine, worked in the direction of the vein, straight into the face of the mountain.

Rescuing parties have been working like grim death trying to rescue them, but it is probable they will be several days forcing an opening through the wall of the fallen roofing, which must be made safe as they proceed. At the drift mouth hundreds of women and children soon gathered and the picture of their grief and despair was heart-rending as they were told that there was no hope. The mine is ventilated by air shafts or passages, so the caving in of the wall in the entry cut off the draft, and death was certain to those who breathed the poisoned air.

Later yesterday afternoon a way was broken through the debris in the passage of entry No. 10 and the blackened corpses of the dead miners were carried to the outside where the work of identification began.

Later reports say the gas was first ignited in No. 9 by Tom Hawkins, gas inspector, on his usual morning round of the mines. All the men at work in entry No. 9 escaped except Hawkins. The deadly gas drifted and congested into No. 10, doing its work so well that not one of the men at work in the rooms of this cross passage is alive to tell the story.

ACCUSED OF FORGERY.

Well Known Richmond Man Said to Be on the Missing List.

RICHMOND, Ind., Dec. 21.—It was discovered here yesterday that William F. Mullins, a well known man, had left in a mysterious manner and that he is under a financial cloud. He borrowed money with the name of Isaac Seaneys as his surety, and it is charged that Seaneys' name was a forgery. Mullins received about \$900. An attempt to locate him has proven fruitless.

Patriotic Speeches at Vincennes.

VINCENNES, Ind., Dec. 21.—Pursuant to a call by Mayor Green a mass-meeting was held last night to indorse the stand by President Cleveland in upholding the Monroe doctrine. The meeting was largely attended; some stirring and patriotic speeches were made and strong resolutions adopted.

Lady Member of the Bar.

INDIANAPOLIS, Dec. 21.—Miss Caroline B. Hendricks, a niece of the late Vice President Hendricks, was admitted to the bar of Marion county yesterday upon motion of Aquila Q. Jones, Jr. Miss Hendricks has the honor of being the first woman admitted to the bar of this county.

NOT AN ANGLOMANIAC.

Interview With William K. Vanderbilt Shows His Head to Be Level.

BRUSSELS, Dec. 21.—W. K. Vanderbilt, in an interview yesterday said: "Everything is possible. We shall not yield an inch. We can begin by closing our ports against England. Already I have a private telegram announcing the convocation of a congress of delegates from all the American republics. This congress will carry through the project for a customs union elaborated by the late Mr. Blaine."

Mr. Vanderbilt talked further of Edison's torpedoes being applied to flying machines to destroy the English fleets in a few hours. "Mr. Cleveland would never have thrown down the gauntlet," said Mr. Vanderbilt, "were he not prepared for all eventualities."

Russian Press Comment.

ST. PETERSBURG, Dec. 21.—The Novoe Vremya says: If it comes to a war between Great Britain and the United States the former will have to encounter internal as well as foreign foes, for the Irish are not likely to look on passively at such a conflict. In that event England's affairs in Turkey and the far east will not wear so favorable an aspect and there would come the hour of bitter retribution for the past upon which Englishmen pride themselves, forgetting that successes gained by guile and force are never enduring.

## BUSINESS CONDITIONS.

Reports on Trade Matters by Dun & Co. and Bradstreet's.

NEW YORK, Dec. 21.—R. G. Dun & Co., in their weekly review of trade today, say: The strong Americanism of the presidents message has given its character to the week. Popular feeling was profoundly moved, but excepting in stock and cotton markets, business was remarkably dull and scarcely affected. Selling of securities held abroad was a natural first impulse, though the sellers are not unlikely in time to discover that no other securities are safer from international complications than the American.

Prices of manufactured goods continued to decline. There is no great change in boots and shoes and in some branches the demand appears a little better, though gradually lower prices are offered and lead jobbers to look for prices still lower.

Prices of iron and steel have fallen about 3 per cent for the week. Bessemer pig, gray forge and most kinds of finished products have yielded more or less.

There is no change of importance in the market for cotton goods, although print cloths are a shade weaker. The market for woolen goods has not improved, scarcely any except clay mixtures and a few fancy cassimere selling at better than last year's prices.

Failures for the week have been 377 in the United States, against 349 last year, and 32 in Canada, against 36 last year.

President's Message Affects Business.

NEW YORK, Dec. 21.—Bradstreet's says today: The general business situation has been affected by the precipitation of possible complications with Great Britain. First to feel this were prices of cotton and wheat. The serious nature of the president's statement of the case had the effect here and in London of causing free selling of securities even in spite of the fact that expectation of war is slight. The most unfavorable feature is continued negotiations and the uncertainty which must exist.

Total exports of wheat (flour included as wheat) from both coasts of the United States this week amount to 2,056,000 bushels, compared with 2,458,000 bushels last week and 3,554,000 bushels in the week one year ago. Exports of wheat from the Pacific coast show a sharp decline as compared with preceding weeks.

Pacific Cable Company.

NEW YORK, Dec. 21.—At a meeting yesterday of the incorporators of the Pacific Cable company, recently organized under the laws of the state of New Jersey, James A. Scrymgeour was elected president and Edmund L. Baylies, vice president and acting treasurer. An executive committee was appointed and authorized to arrange to increase the capital of the company to \$10,000,000. It is estimated that it will require 7,249 miles of cable to establish telegraphic communication between the United States and Japan.

Taken to the Scene of His Crime.

JACKSONVILLE, Ill., Dec. 21.—William Starks was secured by the sheriff from Clarksville, Mo., and returned to the scene of his awful crime of last Thanksgiving, when he killed his wife. He had been hiding here under an assumed name.

## FINDS HIS STOLEN BOY

Had Been Taken From Home by Two Tramps Over a Year Ago.

GOOD DESCRIPTION GIVEN.

Logansport Police Had Rescued the Youngster and Placed Him in the Orphan's Home—Bloody Affray Between Brothers—Mother Seeking a Pardon For Her Son—Minor News Items.

LOGANSPORT, Ind., Dec. 21.—Two weeks ago the police took a 6-year-old boy from two tramps, a man and a woman, named Pitts, and placed him in the orphan's home. The boy had been cruelly mistreated and was suffering from hunger and exposure. Yesterday a letter was received from John Bridgeman of Morehouse, Mo., giving a minute description of his son Charles, who was stolen over a year ago. The description tallies, even to a birthmark, with the appearance of the boy here, and the authorities are confident that the boy taken from the tramps and Charles Bridgeman are identical. He will be sent home at once.

Three Firemen Receive Painful Injuries.

FRANKFORT, Ind., Dec. 21.—This city suffered a \$10,000 fire loss yesterday. Flames were discovered in the third story of Bryant & Daily's drugstore and were soon communicated to the adjoining building owned by J. W. Coulter. In spite of the high wind the fireman confined the damage to the two buildings. The damage to the stocks and buildings is in excess of \$10,000, partially covered by insurance. Three of the firemen were painfully injured while fighting the flames.

Assaulted His Brother.

ROCKFORD, Ind., Dec. 21.—News has been received of a fight between John and Henry Ensor, brothers, who live six miles west of here. John owns a sawmill and his brother was working for him. During the progress of a quarrel John threw an iron wedge at Henry, striking him a glance blow in the back, tearing away the flesh to the bone. He then struck him on the head with a piece of a slab, laying bare the skull and causing injuries which may result fatally.

Glassworkers' Union Consolidate.

ALEXANDRIA, Ind., Dec. 21.—The consolidation of glassworkers' unions will be effected in this city tomorrow. Leading glassworkers in the gas belt have for some time been trying to induce the windowglass, flintglass and greenglass workers to unite in one union, and it is believed they have succeeded. The meeting tomorrow will be for the purpose of organizing and electing officers.

Mother Wants Her Son Pardoned.

BROWNSTOWN, Ind., Dec. 21.—Mrs. Ben Jones is circulating a petition for the pardon of her son Frank, who has served two years of a five years' sentence for shooting William Teimeyer. Jones, who was drunk and boisterous, was riding home with Teimeyer. The latter objected to Jones' conduct and in an attempt to put him off the wagon was shot and seriously wounded.

Fish In a Water Pipe.

PERU, Ind., Dec. 21.—Fish in a water pipe compelled the Standard cabinet-works to close down for half a day. The water pipe feeding the boiler failed to work and investigation showed that a number of fish had been carried through the mains into the pipes and thence to the small valve feeding the boiler. There they choked up the entrance, causing the shutdown.

Want a Pardon For Captain Baldwin.

WARREN, Ind., Dec. 21.—A petition has been generously signed here praying for the release of Captain Seth Baldwin, sentenced to two years in the penitentiary for robbing a freightcar. Captain Baldwin has for many years been the skipper of a little steamer on Eagle lake, and his arrest last summer was a surprise to everybody.

Heavy Rainfall at Laporte.

LAPORTE, Ind., Dec. 21.—All records of previous years have been broken by the storm which has raged since Monday night. The lakes near this city are rising rapidly, and the Kankakee river, which was a sluggish creek, is now several blocks wide.

Watermelons at Christmas.

ANDERSON, Ind., Dec. 21.—Jefferson Mills, a farmer, is now delivering home grown watermelons here at \$1 each. He preserved 300 by a secret process. The melons are all right and Mills will ask for a patent on a watermelon preserver.

Chasing Horse-thieves.

AUBURN, Ind., Dec. 21.—Thieves stole several horses from Ed Sanders near Enterprise, 18 miles south of here, and two bloodhounds were forwarded from this city yesterday to be placed on the trail.

INDIANA NOTES.

Oliver P. Smith of Hammond, 71 years old, is dead of pneumonia. He was one of that city's oldest settlers.

A gymnasium and reading room is to be established at Warsaw. It will be supported by public subscription. Joseph Cummings, for 40 years in the undertaking business at Shelbyville, is dead from an overdose of morphine. It is the belief that he took the drug with suicidal intent.

The trouble on the Lake Erie passenger train near Montpelier Thursday night is said to have been a row with drunken oil drillers, and not an attempted train robbery, as at first reported.

SEND news to Telephone 95.

The democrats will hold a county convention on January 4, to elect delegates to a district convention to be held at Terre Haute on January 8. The republicans will meet on the 11th to select delegates to meet in Terre Haute on the 21st. The republicans will have by far the more enthusiastic and larger crowd.

We see by the editorial correspondence in the Democrat that our friend the junior editor of the paper has found a republican in Tennessee with a long gun. We believe that with a little research Mr. Martin will be able to find a whole army of fellows in the new south who have guns loaded for

the fast decaying Bourbon democracy of that section. The "New South" means several republican states in the future.

RELIGION seems to be the real live subject in Greencastle these days. Two revivals are in progress and the Bible is being discussed in nearly every store, hotel and other places where people congregate. The BANNER TIMES presents today the announcements of the different churches for their services tomorrow. We advise everybody to go to some church tomorrow and hear the Word of God preached by some minister. Greencastle has church room for all and we believe no one will be injured by attending any of these places of worship.

THE Star Press, which has some what of an English leaning "don't yer know," has a spasm today over the fact that Congressman Barrett, of Massachusetts, has gained "wide notoriety" over his resolution to have Minister Bayard impeached. We are not surprised at our contemporary, as it at all times favors England on all matters, notwithstanding it this week had a weak-kneed, stereotyped indorsement of the president's late course, and wined with criticisms of republican newspapers. The Star Press has defended the system of taking our markets and turning them over to England so their factories work day and night, and now it defends Bayard's course in speaking in favor of such market robbery. The paper is not in accord with Messrs. Cleveland and Olney on the Bayard matter, as these two patriotic Americans have about come to the conclusion that Bayard is the greatest ass of the age and are nearly ready to recall him. This rather lively Venezuelan incident has set the Star Press, with its memorable war-record, to guessing. A trip "over the border" in the coming trouble would be but a jump from the pan to the fire. Canada may be with us.

## The Hearne Case.

The argument in the Hearne case began yesterday and the judge limited the argument so it should close today. In speaking of the instructions of the judge the St. Louis Chronicle says:

The court opened at 1 p. m. with an immense audience present. Dr. Hearne's daughters occupied seats between Dr. Hearne and wife. W. T. Hearne, the Independence (Mo.) uncle, and C. F. Coffman, of Little Rock, Ark., brother-in-law of the defendant, occupied seats on the right, and Harold Stillwell on the left. Judge Roy read the instructions to the jury. They are similar to those in all cases of murder in the first degree. The instructions are that the defendant is to be found guilty if it has been shown that Fannie C. Hearne committed the deed, and if defendant was present, aided, encouraged and abetted such a deed. Col. Giles read the instructions for the state to the effect that if any witness was discredited that the entire statement might be thrown out. Ball read for the defendant that it was not necessary for the defendant to prove an alibi.

## THE TEACHERS MEET.

Rain Curtailed the Attendance to Some Extent. Excellent Papers.

The Teachers' Association was ushered in as usual with a general disturbance of the elements of nature, yet a small number of Putnam's faithful teachers were present at the appointed hour of meeting Friday morning. Devotional exercises were conducted by Elder Frank, after which President Ed. L. Day was introduced to the association by Supt. Lyon. Mr. Day delivered a thoughtful and well written address on "The Co-operation of Teachers."

The first lecture of the morning was delivered by Dr. Bryan, of the State university. His subject was "Educational Ideals" and was highly praised by the teachers. Prof. Wisely, of the State Normal, occupied the next session with the subject, "Literature in the Public Schools."

In the afternoon both instructors continued their line of work. The last talk of the day was made by Dr. Bryan, who said that he had asked the president to permit him to talk on the subject which was not a "schoolish one." He talked of the reform school for young men at Elmira, New York, and urged the teachers to do what they could to interest people in the establishment of one in our state.

The lectures were interspersed with thoughtful papers by teachers and excellent music. The program is full for today. Besides the regular instructors Dr. Gobin's and Prof. Joseph's names appear on the program.

## It Has Backing Enough.

New York Sun.

Lord Salisbury says that the Monroe doctrine is not international law. Whether it forms a part of international law or not, it is enough for us that it is American doctrine, applied to international affairs.

In its original form it was proposed by England to the United States, and had it been so accepted it would have been international, even in the strict sense that Lord Salisbury insists upon. But President Monroe and his cabinet preferred to announce it as American doctrine and so it has remained to this day.

It is said in some quarters that the Monroe doctrine does not receive the support of the diplomats of Europe as binding on their countries. That is their affair. The Monroe doctrine has the backing of the people of these United States, and of all the smaller republics in the western continents that profit by it, and that is backing enough.

## Health All Gone

Unequal to Family Duties--No Appetite

Hood's Sarsaparilla Gave Strength and Courage to Work.

"I was in such condition I could not walk even about the house to attend to household duties and care for my children and family. I did not have the strength of a child. I was treated by several physicians, who pronounced my trouble Scrofula and Female Weakness. I could eat only a slice of bread and drink a cup of tea, three times a day. Sometimes I could stand a soft boiled egg for dinner. I became reduced to skin and bones at last they had to draw me about the house seated in a rocking chair. I was in a terrible state when my husband having noticed advertisements of Hood's Sarsaparilla, urged upon me to give it a trial. After taking one bottle I received sufficient benefit to know that I had at last found the right medicine. I have now taken several bottles and am able to

Attend My Housework. In fact, I am on my feet about all day, and can go up stairs easily. I cannot say enough in praise of Hood's Sarsaparilla." MRS. JOHN HASE, Box 92, Oran, N. Y.

## THE HIGH SCHOOL.

Interesting and Appropriate Christmas Exercises Held There on Thursday.

When teachers, scholars and visitors assembled Thursday at the high school to celebrate the greatest of all events, the birth of Christ; to praise and glorify Him both with song and verse, the assembly room was a scene of beauty. Hanging just over the piano was a large bell made of evergreen. On the front wall was a large evergreen star, representing the Star of the East. On the pictures hung wreaths of holly and festoons of evergreen falling between the pictures. The school flag was draped gracefully in the rear of the room. The blackboards were decorated artistically with Christmas mottoes.

The exercises were opened by Miss Ridpath, who read a few appropriate verses from the Bible, followed by the Lord's prayer, after which a piano solo was rendered beautifully by Miss Nora Alsbaugh. After a hymn by the school Miss Jennie Martin read a most excellent and interesting paper entitled "Christmas in Different Countries." This was followed by a trio, "Softly, Silver Starlight," which was sung by Misses Margaret Cosner, Mamie Gifford and Myrtle Ridpath after which Mr. Mahin sang a solo. Short poems were then recited by Misses Iva Linebarger, Hallie Landes, Mamie Day and Mr. Chas. Adams. A quartet, "Star of the East," was sung by Misses Margaret Cosner, Ruth Price, Myrtle Ridpath and Mr. Henry Higert, and was highly appreciated. Harry and Annice Moore sang a beautiful duet. This took well as did the solo of Maude Burke, that followed.

"Good-bye to the Old Year, Hail to the New" was the title of a good paper read by Miss Hulah Farrow.

After a chorus by the school came the time for merriment. As a representative of the senior class Miss Myrtle Ridpath presented the school with a new piano scarf, will be "durable" as well as "ornamental." For the middles Miss Mollie Frank presented a large rug to be placed under the piano stool. Miss Mollie made many sly "bits" on the other classes but all were given good naturedly and taken in the same way. Everett Jones, in the name of the junior class, presented a fine picture of Wm. Cullen Bryant. Miss Ridpath asked Mr. House to respond to the speeches, which he did, ably, although he said he had four able colleagues who wanted to make the speech. Prof. Ogg and Mrs. Maxwell were called on. They responded briefly after which Miss Ridpath presented the picture of Columbus to the school. Mr. Henry Higert then called for speeches from Mr. House's "four able colleagues." All responded to the call and were greeted with applause.

Although there was real class spirit, and plenty of it to make fun for all, it was good class spirit, all feeling the better for it, and when the exercises closed it could be truly said of the school that there had been peace on earth, good will to men.

College Avenue M. E. Church.

Services tomorrow at the usual hours. At 10:30 a. m. the pastor will preach on the subject "Entire Sanctification, or the Second Blessing." John P. Hillis, the leading evangelist singer in the country, will sing one of his popular solos. Mr. Hillis has many friends in his native city who are always glad to hear him.

At seven o'clock p. m. exercises appropriate to Christmas time will be given.

## Hood's Is Wonderful.

No less than wonderful are the cures accomplished by Hood's Sarsaparilla, even after other preparations and physician's prescriptions have failed. The reason, however, is simple. When the blood is enriched and purified, disease disappears and good health returns, and Hood's Sarsaparilla is the one true blood purifier.

Hood's Pills are prompt and efficient and do not purge, pain or gripe. 15 c.

The "Contrary Club" has taken up the subject of religion and as usual the members have all sides of the case pretty well argued. They are the contrariest lot of people in town. The first and only requisite of membership in the club is a determination to oppose the opinion of every other member on any subject, but there are breakers ahead for them now as they are almost a unit on the latest subject proposed. It is: "Resolved that when people get to fussing and quarrelling over their church creeds then the devil smiles." The club members all want to affirm and are so contrary about it that the question will probably never be debated by them.

### From LaGrippe.

How Dr. Miles' Nerve Restored One of Kentucky's Business Men to Health.

No DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nerveless, as LaGrippe. Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, says: "In 1889 and '90 I had two severe attacks of LaGrippe, the last one attacking my nervous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker. When in this condition, I commenced using Dr. Miles' Restorative Nerve. In two days I began to improve and in one month's time I was cured, much to the surprise of all who knew of my condition. I have been in excellent health since and have recommended your remedies to many of my friends." Louisville, Jan. 22, 1895. D. W. HILTON.

## What, if Not Miracles?

The great Four-C Remedy is doing work wherever introduced as nearly miraculous as it ever falls to the lot of any human agency to do (we will esteem it a favor for any one interested to write the persons whose names appear below or any one whose name may appear among these testimonials.)

There is actually more FORCE and "GETTHER" properties in a bottle of Four-C than in a gallon of ordinary cough medicine.

"In compounding it I have followed in no 'tricks' or used the prescription of no Dr. So-and-So of Amsterdam or London, or any other place. I owe its composition to NO ONE IN NO SINGLE PARTICULAR. Neither is it made of herbs and roots dug in the dark of the moon in the jungles of Africa or South America."

The demand for the COUGH, COLD and CROUP CURE, and its WONDERFUL SUCCESS has been ELECTRICAL. Nothing in the whole history of cough and cold medicines can compare with it.

No disease of the lungs seems able to resist its curative properties, as is well proven by the numerous cases of La Grippe Cured, Croup Cured, Tonsillitis Cured, Pharyngitis Cured, Bronchitis Cured, Consumptives' greatest help if not cure, Dry, Hacking, Harsh Coughs of weeks' and months' standing cured with from one to three doses.

Our aim is to convince the public of my sincerity and of the true merits of this remedy.

### NOTICE TO DRUGGISTS AND THE PUBLIC.

CONTRACT.—Druggists are authorized in ALL CASES TO REFUND THE PURCHASE PRICE if the Four-C Remedy (Cough, Cold and Croup Cure) fails to give satisfaction in Croup, Bronchitis, Asthma, La Grippe, Coughs and Colds, no matter how long standing, or deep seated, in fact I guarantee it in all manner Bronchial or Lung trouble, not as a Cure, All but to give unbounded satisfaction. Give it a trial on the above condition. We take all chances.

### TESTIMONY OF THE TRAVELING AGENT

ILL. CENT. R. R.

MR. R. L. PHILIPS: Your Four-C Remedy is certainly a REMARKABLE MEDICINE. Too much cannot be said in its favor. My daughter suffered from an attack of LA GRIPPE that finally resulted in Tonsillitis, with ulceration of the throat. LESS THAN ONE BOTTLE EFFECTED A COMPLETE CURE.

GEO. E. HINES,

292 57th Street, Chicago, Ill.

### READ THIS WONDERFUL TESTIMONIAL FROM AN EDITOR.

GENTLEMEN:—I believe it my duty to write you a line in regard to the beneficial effects of your "Four-C Remedy," so far as I am personally concerned. A week ago last Thursday I was taken with a very severe attack of La Grippe, and in a short time became so hoarse I could not speak above a whisper. I was confined to my bed the greater part of several days. The night previous I had coughed nearly the entire night; just before retiring I took a teaspoonful, and slept the entire night as sweetly as ever I did in my life, not coughing once. I was entirely relieved before taking one bottle. Phelps' Cough, Cold and Croup Cure should be in every household in the land. I send you this wholly unsolicited by any one, for you are benefactors of the race in giving it the antidote for some of the worst afflictions to which it is heir.

Yours very truly,

C. J. NISBETT, Editor.

CHICAGO, November 22, 1895.

R. R. PHILIPS, Esq.,  
DEAR SIR:—As a rule I have been skeptical of the merits of proprietary medicines, but have to confess that a test of your Four "C" is convincing that at least one ready-made remedy is worthy of general use. My children all take it without the least objection, and it is particularly noticeable that benefit is almost immediate. A sin in dose will check most coughs in the beginning. We now enjoy unbroken rest at night. In my family Four "C" is simply indispensable, and I recommend it unqualifiedly.

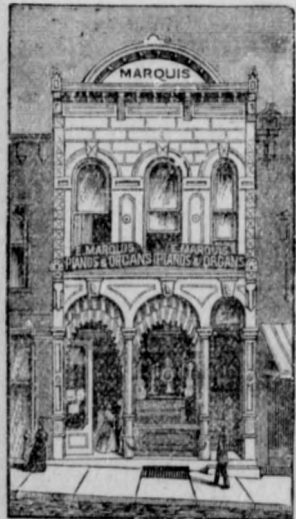

Yours, etc.,

### ONE OF CHICAGO'S SOCIETY LADIES SAYS:

CHICAGO, September 25th, 1894.  
For years back each winter I have suffered with acute Laryngitis. Last winter was so bad I could not leave my room for two weeks or speak above a whisper. I tried every known cough preparation from cough drops up and down with no relief, then in desperation I was induced to try Phelps' Four "C." The first dose relieved my cough, giving me the first night's rest for weeks. Half the bottle cured me. I have never been without this wonderful remedy since. It is as different from other like remedies as molasses from vinegar or sugar from sand.

Four "C" is our leading remedy for La Grippe, Coughs, Colds, etc., and when purchased from us we will gladly refund money if it does not give satisfaction. For Sale By: Albert Allen, W. W. Jones, J. H. Pierce & Co., C. W. Landes & Co., Walter Allen, Thrope & Thrope.

### The Revival at the Christian Church.

The audience last night filled the house to overflowing. Many stood up during the entire service. Mr. Boyer discoursed eloquently on the "Dead Line of the Soul." The sermon was touching and tender and abounded in beautiful illustrations. At the close there were three additions and four baptisms. Many questions were answered kindly, boldly, fearlessly and truthfully. Subject tonight, "What Will Become of a Man Who Dies in His Sins?" Tomorrow morning, "Obedience to the Heavenly Vision." Tomorrow evening, "The Glory about the Babe of Bethlehem." New members received into the church at the close of the morning service.

### Santa Claus' Heavy Mail.

The postoffice is receiving the usual number of letters to Santa Claus dropped in by children who fear they may be overlooked or may not receive the particular kind of present they have set their hearts on. One letter was received in the office today, addressed to "Santa Claus, North Pole." Let the BANNER TIMES offer the little folks a suggestion: In sending letters to Santa, always address them in care of some rich uncle or friend. If you have no rich uncle, address the letter in care of your parents. Then Santa will surely see that you are not forgotten entirely.

### A Significant Departure

With the departure of another year when a review is made of the condition of affairs, it is only right that some thought be given to the physical body which enables everyone to battle with life's problem and figure for themselves the profit or loss on the trial balance sheet. Though the bank account may be large and each one's material gain be great, it would not be surprising if it suddenly dawns upon many that good health has been greatly impoverished by the low condition of the blood. It is in this state that the lactic acid in the vital fluid attacks the fibrous tissues, particularly the joints, making known the local manifestations of rheumatism. Thousands of people have found in Hood's Sarsaparilla the great blood purifier, a positive and permanent cure for rheumatism.

### Monon Route to Atlanta.

On December 20 we make a rate of one cent per mile to Atlanta, Ga., to enable students and others to visit the great exposition. The shortest distance quickest time and solid trains via the Battle Field route are the popular features of our line.

## CATARRH

**BRAZILIAN BALM**  
Instantly checks  
the ravages of  
Catarrh. It is a  
true Balsam of  
marvelous heal-  
ing power and the  
only known rem-  
edy that penet-  
rates to the most  
hidden recesses of  
this inveterate  
disease. It quick-  
ly destroys the  
masses of microbes,  
heals the ulcers  
and restores the

senses of smell, taste and hearing.

It has been used over 10 years in  
hospitals and private families and  
by Physicians and Specialists as  
the one infallible remedy in na-  
ture for Catarrh. It is also most  
economical, a 50 cts. bottle con-  
taining 2 weeks' treatment and  
\$1.00 bottle 6 weeks' treatment.

Brazilian Balm often cures a  
Cold over night. Cures Croup in  
a few minutes. Quickly cures La  
Grippe and takes all its bad ef-  
fects out of the system. Absolu-  
tely guaranteed to cure Asthma.

Prevents, breaks up and cures  
Typhoid and Scarlet Fevers in any  
stage. A marvelous remedy for  
all stomach troubles. In Female  
troubles it relieves like magic.

Dissipates Mumps in one day.  
Relieves Piles and Constipation  
over night. For Constipation use  
as for Piles. It does all this gently  
and promptly, yet it is no miracle;  
it relieves the inflammation, na-  
ture does the rest. It is worth its  
weight in gold in every family.

Over 100 doses in a 50c. bottle.  
Trial size 25c. Ask for Circular.
